STORIES

3) A Decade of Sustainable Practices Pays Off at UMass Amherst

Excerpts from BusinessWest.com, August 7, 2018 by Joseph Bednar

Because its region is so environmentally conscious, UMass Amherst would appear to be fertile ground for sustainable practices like green energy, eco-friendly buildings, and a buy-local ethos in food service. But it's still remarkable how broadly - and effectively - the university has cast its net when it comes to sustainability. A national report placing the campus ninth in the nation for such efforts is the latest accolade, but UMass isn't about to rest on its laurels. Click [here](#) for the full story.

[Back to top](#)

4) France Bans Smartphones From Schools to Encourage Reading & Outdoor Play

Excerpts from People, August 15, 2018 by Char Adams

A new French law will ban students from using smartphones on school grounds - in an effort to combat cell phone addiction and encourage children to read and play outside, according to a report from the Wall Street Journal. Beginning in September, the law will prohibit students - aged 3 to 15 - from using smartphones on school grounds, with few exceptions, according to the publication. Blanquer said lawmakers hope the ban will help remove distractions during class and encourage students to play outside or read a book. Click [here](#) for the full story.

[Back to top](#)

5) Why the 'Greening' of Vacant Land is a Smart Long-Term Investment in Cities

Excerpts from Next City, July 2, 2018 by Alan Mallach

Vacant and abandoned properties are a familiar part of the American landscape, from

the boarded row house in North Philadelphia to the empty factory in Detroit to the collapsing farmhouse in rural Kansas. These structures can devastate the neighborhood, undermine the neighbors' quality of life, diminish the value of nearby properties, and reduce local tax revenue. Yet vacant properties can also become community assets. Thousands of vacant commercial and industrial buildings have been converted to apartments and condominiums, and vacant lots have found new lives as community gardens and parks. Click [here](#) for the full story.

6) How a Big Bank Fueled the Green Energy Boom

Excerpts from Fortune, August 20, 2018 by Matthew Heimer

Oklahoma is an epicenter of fossil-fuel production, a state where oil-well pump jacks punctuate the pastures. But if you drive out to Grady County, an hour west of Oklahoma City, you'll encounter a different mechanical landscape. There, atop the hills outside Minco, dozens of 80-meter-tall turbines churn, their blades generating a steady drone to accompany the occasional dairy-cow bleat and the buzz of distant cars.

This metallic display is part of Pioneer Plains, a sprawling wind-power project that generates electricity for some 42,000 homes. The turbines are part of a highstakes transformation in the energy economy—a bet that renewable power can scale up as a cost-effective replacement for fuels that contribute to climate change. But the wind farm is also a symbol of financial transformation: It might never have sprouted if it weren't for "green bonds"—an investment vehicle that didn't exist a decade ago.

Those bonds were the brainchild of dealmakers at Bank of America—the \$87 billion, 209,000-employee giant that occupies the No. 3 spot on Fortune's Change the World list this year. Their work is part of BofA's \$125 billion Environmental Business Initiative, a campaign that has established the Charlotte based bank as a powerhouse in "climate finance"—the unglamorous but essential business of steering investor capital into the low-carbon economy. Click [here](#) for the full story.

LEGAL/LEGISLATIVE NEWS

7) Governor Baker Signs Environmental Bond Bill!

Excerpts from Energy & Environmental Affairs, August 21, 2018 by Brendan Moss

Governor Charlie Baker has ceremonially signed bipartisan legislation to authorize over \$2.4 billion in capital allocations for investments in safeguarding residents, municipalities and businesses from the impacts of climate change, protecting environmental resources, and improving recreational opportunities. Click [here](#) for the full story.

ITEMS OF INTEREST

8) Survey for Millennials in Land Trusts

As a part of the Rally workshop **Developing the Millennial Leaders that Land Trusts Need**, the Land Trust Alliance (LTA) has developed a survey to better understand Millennials in the workplace.

LTA is calling on all Millennials that are currently working for or have previously worked for land trusts to take this survey. They are also interested in hearing from Millennial board members, or those interested in getting into the conservation/land trust field. For more information on the workshop and to take the survey, please click [here](#). Please complete by September 14.

EVENTS

9) OARS Annual River Cleanup

Saturday, September 15, 2018, 9:00am - 12:00pm
Westhampton, MA

Make a difference in your community! Collect trash, tires, bottles, and more from the shores and waters of the Assabet, Sudbury, and Concord Rivers. After a morning of hard work, celebrate with friends, new and old, at a pizza lunch!

Cleanup sites will be in Westborough, Northborough, Framingham, Sudbury, Wayland, Marlborough, Hudson, Stow, Maynard, Acton, Concord and Billerica.

Please let OARS know if you can:

- bring a canoe or small flat bottom boat
- help transport a boat
- bring pails or buckets (up to 50-gallon size, kitty litter buckets are great)
- assist with cleanup day logistics

To volunteer, call (978) 369-3956, or [email](#). Read more about the cleanup [here](#).

10) Hawk Watch from the Mount Holyoke Range

September 15, 2018, 10:00am - 12:00pm
Skinner State Park, 10 Skinner State Park Road, Hadley, MA

As the season begins to change, a great migration gets underway as birds large and small head out for warmer climates. Join U.S. Forest Service Wildlife Biologist Dave King for Kestrel Land Trust's annual fall Hawk Watch on the summit of Mount Holyoke on Saturday, September 15 from 10 am to 12 pm. Registration is required, and space is limited to 20 participants. There is no rain date for this program. The event is free for participants, though donations are welcome. For more information and to register, click [here](#).

[Back to top](#)

11) Connecticut River Conservancy's Source to Sea Cleanup

Friday and Saturday, September 28 and 29, 2018

The Source to Sea Cleanup is an annual trash cleanup of the Connecticut River system - rivers, streams, parks, boat launches, trails and more. Each fall, thousands of volunteers of all ages and abilities head out to places of their choice all along the four-state watershed (NH, VT, MA, CT) to clean the Connecticut River and its tributaries on foot or by boat. For more information and to register, click [here](#).

[Back to top](#)

12) Society for the Protection of New Hampshire Forests Annual Meeting

Saturday, September 29, 2018

Southern New Hampshire University, Manchester, NH

Join the Society for the Protection of New Hampshire Forests at their Annual Meeting! Don't miss our popular afternoon field trips, an excellent dinner, and an evening presentation featuring keynote speaker Andrew Bowman. Register by August 31st to take advantage of our early bird price of \$45 per person. The price after August 31st is \$55 per person. For more information and to register, click [here](#).

[Back to top](#)

TRAININGS

13) Soak Up the Rain New England Webinars

August 30, 2018, 1:00pm - 2:30pm

Greening the Streets of Watertown, MA: Edenfield Avenue "Green Streets" Demonstration Project

This webinar will showcase actions taken by the Town of Watertown and the Charles River Watershed Association to turn Edenfield Avenue into the first "green street" in Watertown, MA. "Green streets" is an innovative stormwater management approach that captures rain where it falls by using vegetation, soil and engineered systems to slow, filter and cleanse stormwater runoff from impervious surfaces. Register [here](#). More information [here](#).

September 12, 2018, 1:00pm - 2:30pm

Green Streets in Dense Communities

This webinar will showcase results of a two year planning initiative by the City of Cambridge and the Charles River Watershed Association (CRWA) to identify and design green infrastructure strategies for dense, residential city streets. CRWA designed three individual "green streets", an innovative stormwater management approach that captures rain where it falls by using vegetation, soil and engineered systems to slow, filter and clean stormwater runoff from impervious surfaces. Based on this design process and input from residents and various city departments, CRWA also designed a Green Streets Guidance document for the City to help facilitate incorporation of green

infrastructure systems into all roadway improvement projects. Register [here](#). More information [here](#).

For more information on Soak Up the Rain and the webinar series, click [here](#).

CONFERENCES

14) Northeastern Transportation and Wildlife Conference

September 9-12, 2018

UMass Amherst, Amherst, MA

The 2018 Northeastern Transportation & Wildlife Conference will be co-hosted by the Massachusetts Department of Transportation and the Massachusetts Department of Fish & Game. This year's theme is "Partnering for Resilient Infrastructure and Ecosystems." For more information and to register, click [here](#).

[Back to top](#)

15) Massachusetts Green Careers Conference

October 4, 2018

MA Division of Fisheries and Wildlife, Westborough, MA

Come along to the Massachusetts Green Careers Conference! Explore career advancement and sustainable development. Enjoy cross-sector dialogues with stakeholders from government, business, education, and nonprofits. Learn about current trends and resources. For more information and to register, click [here](#).

[Back to top](#)

16) Land Trust Alliance Rally

October 11-13, 2018

Pittsburg, MA

Don't forget to take advantage of the early-bird discount for registration for this year's Land Trust Alliance Rally. Rally is the exciting annual gathering of nearly 2,000 inspired and passionate land conservation practitioners from the US, Canada, South America and beyond, who are dedicated to conserving cherished places in local communities. The Land Trust Alliance is proud to be hosting its 31st year of Rally: The National Land Conservation Conference, being held this year in Pittsburgh, PA, October 11-13, at the David L. Lawrence Convention Center. For more information and to register, click [here](#).

[Back to top](#)

17) Northern Woodlands Conference

October 12-14, 2018

The Hulbert Outdoor Center, Fairlee, Vermont

Enjoy a fun, informal weekend with the Northern Woodlands crew at the Hulbert Outdoor Center on Lake Morey, while engaging with writers, scientists, artists, and educators. Writing workshops, natural history presentations, woods walks, and more! Early-bird discount ends August 31st. For more information and to register, click [here](#).

GRANTS

18) Massachusetts Forest Legacy Program

September 10, 2018 deadline

The Massachusetts Forest Legacy Program is now accepting project proposals for consideration in the Federal Fiscal Year 2020 application process. The Forest Legacy Program is a partnership between the Massachusetts Department of Conservation and Recreation and the USDA Forest Service to protect environmentally important forests from conversion to non-forest uses. The Federal government may fund up to 75% of project costs, with at least 25% coming from private, state or local sources. The MA Forest Legacy Program FY 2020 Request for Proposals application instructions are posted [here](#). Additional background information on the Forest Legacy Program is available [here](#). Proposals must be submitted by 5:00 pm on September 10, 2018. For more information please contact Lindsay Nystrom, MA Forest Legacy Program Coordinator at lindsay.nystrom@state.ma.us or 508-792-7714 x114.

[Back to top](#)

19) National Fish and Wildlife Foundation: National Wildlife Refuge Friends Grant Program

September 27, 2018 deadline

The National Wildlife Refuge Friends Grant Program, an initiative of the National Fish and Wildlife Foundation, funds projects that assist organizations in being effective co-stewards of important natural resources within the [National Wildlife Refuge System](#). The program's goals are to assist Refuge Friends organizations in developing projects, expanding and increasing their capacity and skills, meeting local refuge conservation challenges, and gaining and building community recognition. Grants ranging from \$1,500 to \$15,000 are provided for capacity building, project support, and Friends peer-to-peer coaching. For more information and to apply, click [here](#).

[Back to top](#)

20) CLIF Bar Family Foundation: Small Grants Program

October 1, 2018 deadline

The CLIF Bar Family Foundation supports nonprofit grassroots organizations that have the ability to engage local groups, positively impact their communities, and focus most of their resources on useful and positive actions. Grants are provided to organizations throughout the United States, with some emphasis on California. Through the Small Grants Program, the Foundation supports innovative small and mid-sized groups working to protect the Earth's beauty and bounty, create a healthy food system,

increase opportunities for outdoor activity, reduce environmental health hazards, and build stronger communities. Applications are reviewed three times per year; the application deadlines are February 1, June 1, and October 1, annually. For more information and to apply, click [here](#).

[Back to top](#)

21) Fish and Wildlife Service: The Partners for Fish and Wildlife Program

September 30, 2018 deadline

The Partners for Fish and Wildlife Program is an incentive-based program that provides direct technical and financial assistance to private landowners to restore and conserve fish and wildlife habitat for the benefit of federal trust resources. Applications are accepted on a rolling basis through September 30, 2018. For more information and to apply, click [here](#).

[Back to top](#)

22) FY19 Landscape Partnership Grant Program

October 18, 2018 deadline

The Executive Office of Energy & Environmental Affairs' Division of Conservation Services (DCS) is seeking applications for the FY 2019 Landscape Partnership Grant. This program seeks to protect large blocks of conservation land. Local, state, and federal government agencies and non-profit groups can use this grant to work together to protect at least 500 acres of land.

One information session will be held on Thursday, August 9, 2018 from 10 am to 12 noon at Fisheries and Wildlife Field Headquarters at Westboro. Please RSVP to Emmanuel to Emmanuel.Owusu@mass.gov. For more information and to apply, click [here](#).

[Back to top](#)

23) MA Emergency Management Agency & Department of Conservation & Recreation Hazard Mitigation Grants

October 1, 2018 deadline

The Massachusetts Emergency Management Agency (MEMA) and Department of Conservation and Recreation (DCR) have announced the availability of all three Federal Emergency Management Agency (FEMA) Hazard Mitigation Assistance Programs. These programs include the 2018 Pre-Disaster Mitigation Grant (PDM) Program, the 2018 Flood Mitigation Assistance (FMA) Program, and the Hazard Mitigation Grant Program (HMGP) as a result of the recent federal disaster declarations (FEMA-4372-DR & FEMA-4379-DR). An official Notice of Funding Opportunity (NOFO) will be issued later in August on the MEMA Website and on COMMBUYS. For more information, click [here](#).

[Back to top](#)

24) Conservation Planner/Agent - City of Worcester

The Planning & Regulatory Services Division of the City of Worcester seeks to fill the position of Conservation Planner. This position provides professional administrative support for the Conservation Commission and manages municipal programs related to wetlands protection and open space conservation, including administration of the Massachusetts Wetlands Protection Act and City of Worcester Wetlands Protection Ordinance. The Conservation Planner serves as an agent of the Conservation Commission with responsibility for inspection and enforcement of Commission actions. For more information and to apply, click [here](#).

[Back to top](#)

25) Fall AmeriCorps Members - Vermont Youth Conservation Corps

The Vermont Youth Conservation Corps is looking to fill a couple of open positions for the current session, as well as for the Fall Young Adult Trail Crew that starts in August. For more information and to apply, click [here](#).

[Back to top](#)

26) Manager of Membership and Operations - Grow Native Massachusetts

Grow Native is seeking a person to build membership and promote member engagement with our programs. This job is focused on fundraising, member services, managing events, and day-to-day nonprofit management. S/he will work collaboratively with our Manager of Programs with a special focus on supporting the ecological work of members in their local communities. For more information and to apply, click [here](#).

[Back to top](#)

27) Science & Restoration Program Director - Ipswich River Watershed Association

The Ipswich River Watershed Association (IRWA) seeks a Director for the Ipswich River Science & Restoration Program. The program includes a variety of activities designed to restore aquatic habitat in the Ipswich, Parker and Essex Rivers through flow restoration, water quality improvement, fisheries restoration and physical habitat improvement projects. For more information and to apply, click [here](#).

[Back to top](#)

28) Seasonal Conservation Planning Assistant - MA Department of Conservation and Recreation

The Department of Conservation and Recreation seeks qualified applicants for the position of Seasonal Conservation Biologist I - Shorebird Monitor. This position collects, analyzes, and reviews biological data through field, and literature work on endangered and threatened species and other features of biological diversity; provides technical

assistance and information to public and/or private groups; helps the agency in maintaining liaison with various public and private agencies; and performs related work as required. For more information and to apply, click [here](#).

[Back to top](#)

29) Conservation Associate - Connecticut Farmland Trust

Connecticut Farmland Trust seeks a Conservation Associate. The successful candidate will assist state and federal partners in implementing farmland preservation program, prepare maps and documents for preservation projects, work with farmers to complete preservation applications, assist state partner in implementing clearinghouse to connect farmland owners with beginning farmers seeking land to lease or buy, and conduct outreach and site visits to farmland owners and seekers. For more information and to apply, click [here](#).

[Back to top](#)

30) Internships with the New England Wild Flower Society

The New England Wild Flower Society has provided rewarding internships and fellowships for several decades. Based at Garden in the Woods in Framingham, MA, or at Nasami Farm in Whately, MA, these opportunities are intensive and on-the-job. Internships are offered by the Horticulture, Public Programming, and Conservation departments. The following opportunities are currently available for the 2018 season:

- 2018 Conservation Internships (three positions)
- 2018 Native Plant Records Internship
- 2018 Native Plant Horticulture Internship
- 2018 Chester B. Allen Native Plant Nursery Propagation and Horticulture Internship
- 2018 Marketing Internship

For more information and to apply, click [here](#).

[Back to top](#)

31) Conservation Agent - Town of Canton

The Town of Canton is seeking a Conservation Agent. Position serves as professional staff for the Conservation Commission and performs technical inspection work including field visits, inspections of site work, drafting of Orders of Conditions, attending Commission meetings, and otherwise ensuring compliance with applicable federal, state and local wetlands, stormwater management and erosion control regulations, codes, and bylaws, issuing findings and recommendations. For more information and to apply, click [here](#).

[Back to top](#)

32) TerraCorps Member - The Trustees Northwest Region

TerraCorps is seeking one member to serve with one of their partner sites-The Trustees Northwest Region. The Trustees Northwest Region is located in the hilltowns and North Quabbin region of Western MA.

As an AmeriCorps service member with The Trustees, you will have the chance to engage local audiences through education by helping with the development, coordination and marketing of a series of educational workshops available to the surrounding local Berkshire, Hampshire, and Franklin County communities focused on the connection between the required relationship between local agriculture and community support.

For more information about this position, visit the [Become a Member](#) page on the TerraCorps website. To apply, download an application form and submit it to admn@terra Corps.org with a cover letter and resume. TerraCorps is looking to fill this position immediately, so interested individuals are encouraged to apply as soon as possible.

[Back to top](#)

33) Chapter Director - Sierra Club Massachusetts

The Massachusetts Chapter of the Sierra Club seeks a Chapter Director. The Chapter Director develops and oversees or implements all programs, policies and initiatives for the Chapter; performs long-range planning; and makes appropriate recommendations to the Executive Committee regarding short- and long-term priorities and strategies to develop and strengthen the effectiveness of the Chapter. For more information and to apply, click [here](#).

[Back to top](#)

34) Deputy Director - Division of Fisheries & Wildlife

The Department of Fish and Game seeks applicants for the position of the Deputy Director (Program Manager VIII) of the Division of Fisheries and Wildlife. The Deputy Director is a senior manager for the Division reporting to the Director. The Deputy Director is a senior policy making position and works closely with the Division's scientific staff to advise the Director on policy and regulatory matters for consideration to be presented to the Fisheries & Wildlife Board which oversees the Division. The Deputy Director supervises four M6 Assistant Directors. For more information and to apply, click [here](#).

[Back to top](#)

35) Part-Time Operations Assistant - The Nature Conservancy Boston

The Nature Conservancy Boston is seeking a Part-Time Operations Assistant. The Operations Assistant is responsible for performing multiple administrative functions within the Massachusetts Chapter. S/He manages reception in the Boston Office and serves as back-up to the Operations Manager. S/He coordinates and tracks volunteer inquiries and works to match volunteers to staff opportunities. S/He is responsible for overseeing the youth safety program for the Chapter by ensuring compliance, tracking

and assisting staff with safety plans. The Operations Assistant supports specific administrative functions related to landscape facilities and assists with events/meeting logistics as needed. Search for job #46809 on www.nature.org/careers. Deadline to apply is September 16.

[Back to top](#)

36) Director - Division of Wetlands and Waterways, MA Department of Environmental Protection

The Massachusetts Department of Environmental Protection is seeking a Director for the Division of Wetlands and Waterways. The Director of the Division of Wetlands and Waterways (DWW) is a critical leadership position within the Bureau of Water Resources (BWR). The Director oversees the DWW programs, all of which are central to some of the highest priorities of MassDEP and the Executive Office of Energy and Environmental Affairs. The Director is responsible for overseeing the Wetlands Protection (WP) Programs - including 401 Water Quality Certification activities, Chapter 91 Waterways (Chapter 91) Programs, and ensuring the projects, goals, and priorities for each of these programs are met. For more information and to apply, click [here](#).
